Understanding Chase Travel Bookings

Chase Travel acts as a booking platform where customers can use points or credit cards to reserve flights, hotels, and rental cars. Since Chase Travel is an intermediary, airlines still control the actual ticket policies. That means your missed flight situation depends on both:

- Airline rules
- Ticket type (refundable vs non-refundable)
- Timing of your missed flight

If you're unsure what applies to your booking, calling the **Live Agent Number** ☎️ ||+1→888→483→9719 is the fastest way to get clarity.

What Happens If You Miss Your Flight?

When you miss a flight, airlines typically categorize you as a “no-show.” This can have several consequences:

1. Ticket Cancellation

Most airlines will cancel your entire itinerary if you don't show up for your first flight segment.

2. Loss of Value

Non-refundable tickets often lose their full value unless you act quickly.

3. Rebooking Fees

You may need to pay additional fees or fare differences to get on another flight.
