What Is Chase Travel and How Does It Work?

Chase Travel is a booking platform available to holders of eligible Chase credit cards that earn Ultimate Rewards points. It allows users to book flights, hotels, rental cars, cruises, and experiences using either:

- Ultimate Rewards points
- Cash (credit/debit card)
- Or a combination of both

According to Chase, travelers can directly apply points at checkout and cover remaining costs with cash when needed .

Understanding the “Points + Cash” Booking Policy

The key feature of Chase Travel is the **Points + Cash booking option**, which allows partial redemption.

How It Works:

When booking through the Chase Travel portal:

1. You select your travel itinerary.
2. At checkout, you choose how many points to apply.
3. The remaining balance is automatically converted into cash payment.

For example:

- Total booking cost: \$600
- You use: 40,000 points
- Remaining balance: paid in cash or card

This hybrid system ensures flexibility for travelers who want to preserve points while still booking trips.

Value of Combining Points and Cash

The value of Chase points depends on how you redeem them.

- Standard redemption: around 1 cent per point
- Premium cards may offer higher value in travel bookings
- Mixed bookings maintain proportional value based on usage

For example:

- If 50% of booking is paid with points, you receive partial redemption value
